

ORGANIC ROASTED STEEPED SOYBEANS- 130129

(Aspirated)

GUARANTEED ANALYSIS

Crude Protein, minimum.....	39.0%
Crude Fat, minimum.....	20.0%
Crude Fiber, maximum.....	6.0%

DIRECTIONS

Properly roasted and steeped, full fat soybeans can be fed in place of soybean meal, on a protein equivalent basis; in any place, you would use soybean meal, for DAIRY, HOGS, BEEF OR POULTRY. For DAIRY, as a rule of thumb, feed 3-5# per head per day. For best results, utilize your feed nutrition consultant or the Country Extension personnel in your area.

*Non-Aspirated, roasted soybeans may have slightly less protein and slightly more fiber.

Manufactured By: Premier Cooperative Westby, WI 54667

Certified Organic By: Midwest Organic Services Association
